Lucia's son, Moses, was born with a rare genetic disorder that left him with severe physical and mental disabilities. Lucia and her husband, David, were devastated by the diagnosis, but they were determined to give Moses the best possible life. They enrolled him in special education programs, took him to countless doctors and therapists, and provided him with all the love and support they could.

Raising Moses was not easy. There were many times when Lucia and David felt overwhelmed and exhausted. But they never gave up on him. They learned to appreciate the small moments of joy that Moses brought into their lives, and they found strength in their faith and in each other.

As Moses grew older, Lucia began to question her own faith. She had always believed in God, but she struggled to understand why he would allow her son to suffer. Through her journey of faith, she came to a new understanding of God's love. She realized that God is not a distant being who sits in judgment of us, but a loving parent who is always with us, even in our darkest moments.

Losing Moses on the Freeway is a powerful and inspiring story about the challenges and triumphs of raising a child with special needs. It is a story about faith, family, and fulfillment. It is a story that will touch the hearts of all who read it.
